

KT-Parapet-Channel

KT-Parapet-Channel

Kensington's new parapet channel is the most economic of its type, which is suitable for 8, 10 and 12mm glass and is sold in 3m lengths. The glass is fixed with glass pressing a mechanism in the main profile. It provides aesthetic and sturdy results if it is supported with on-glass profiles connected to the wall.

Alloy EN AW 6063
Stress and relocation results on 1 m. base profile with 350 kg horizontal load to the highest surface of the profile.
